B.Sc. (Hons) Multimedia & Animation

Brainware University
2023-Present

ABOUT ME

I am a 3D Generalist and Multimedia & Animation student with skills in modeling, texturing, lighting, and rendering. I enjoy creating 3D assets and turning ideas into visuals while continuously improving my skills. I am detail-oriented, open to learning, and looking for opportunities to grow as a 3D artist.

WORK EXPERIENCE

Academic & Personal Projects |

2024 - Present

Created 3D models of props and assets using Blender and Maya, focusing on clean topology and proper scale. Performed UV unwrapping and texturing in Substance Painter. Used PBR materials and basic lighting workflows. Optimized models for real-time and renders

3D Practice & Skill Development |

Ongoing

Developed self-initiated 3D modeling projects. Practiced reference-based modeling for accuracy. Improved workflow through feedback and iteration.

SKILLS SUMMARY

3D Modelling

Texturing

Lighting

SOFTWARE EXPERTISE

- Autodesk Maya
- Substance Painter
- Blender
- Photoshop
- After effect

LANGUAGE

- English
- Hindi
- Bengali
